OFFICIAL JEW SPY'S GUIDE TO THE AMERICAN NAZI PARTY — COURTESY ADL

AMERICAN NAZI PARTY
official publication

A few years ago, Hollywood came out with a Western which unwittingly depicted the exact situation of today's "Right Wing".

At precisely "HIGH NOON" on a certain day, an especially "bad guy" was supposed to come in on the train after a long stretch in prison. This guy was SO bad that the whole town, -which had been peaceful and happy until then, -was suddenly transfixed by paralyzing fear. The tough guy and his gang were so utterly terrible that nobody could even imagine opposing these bullies.

The town Marshall (played by Gary Cooper), had just married a sweet young thing. The bride was the arch-type of the "peace-loving" "humanitarian", the kind who preaches that nothing on the earth is worth killing for and who march behind the Jews in "ban-the-bomb" demonstrations. With a woman's natural and proper instincts for security and safety, the Marshall's wife could not see any sense to risking the safety of herself and her potential family just to beat some old outlaws. So she urged the Marshall to pack up and run out of town, -for her sake, the sake of the kids to come, etc.

The terrified town held panicky meetings to decide how best, -NOT to STOP the bullies, but rather how best to PLACATE and APPEASE the toughs so that the majority of the citizens would not suffer the all-out wrath of the terrorists. They reasoned that it was better to let a few citizens be sacrificed to the criminals so that the rest could enjoy their nice businesses, homes, churches, fancy buggies, sociables and other material things. In their plunging and panic-stricken retreat from principle and honor they took refuge in the ancient rationalization of all cowards, "We're beaten and lost and it is the part of wisdom to make the best of it!"

When the stern Marshall tried to get a few men to help him make a stand against the bullies, -even his own deputy deserted him with the usual excuse, "It's no use".

And as the terrible day drew closer, the townspeople held an emergency meeting at which it was decided that the Marshall's intransigent attitude and determination to fight would only get them all murdered and their town wrecked, etc etc. They called in the Marshall and actually demanded that he get out of town immediately! He was accused of "endangering everybody" by his insistance on a hopeless fight.

On the final day, the Marshall's new wife made a last ditch effort to get him to quit. When he refused to run, she joined in the town's "prudent" cowardice and deserted her husband.

And so, as the train arrived at "High Noon" bearing the terrorist leader, the Marshall stood out in the empty, sun-baked street ALONE.

The entire rest of the town cowered behind shuttered windows peeking out at the "damned fool" Marshall.

The swaggering gang of hard cases, led by the head terrorist, advanced shoulder to shoulder on the lone figure of the Marshall, who was facing certain death for principle, for an ideal, for honor.

As every courageous man knows, the Lord hates a coward and loves a brave man, so that when all seems lost to the honest and bold man, an Unknown Power seems to even the odds. With the aid of this Unknown, the Marshall shot and killed all of the gang except the leader, in a running gun battle from cover to cover. The leader was just drawing a bead on the Marshall when the latter's wife stepped into the street with a six-shooter, having realized her duty at the last moment, and shot the "bad guy" dead in the street.

With understandable disgust for the cowardly citizens, who were now shuffling ashamedly into the street, the Marshall flung his badge into the dust at their feet and rode off into the desert with his bride.

I have learned by bitter experience that the last part of this, the romantic bit about the last-minute return of the deserted wife, -is pure Hollywood,

But the basic premise and the lesson of "High Noon" is NOT Hollywood. It is intensely TRUE.

The general principle to be learned from the picture, -and from life itself, -is that when you decide you must fight a gang of terrorists, YOU BETTER BE READY TO FIGHT YOUR FELLOW-SUFFERERS FIRST!

When faced with a brutal terrorist, nine-hundred and ninety-nine people out of a thousand are SO frightened personally that their only reaction is a desperate effort to get the bully to turn his terrorism to somebody else, -ANYBODY ELSE, -and leave their own person's alone at any cost.

The one thousandth person who refuses to be cowed by the bully will, at first, be seen by the mob of panic-stricken cowards only as a PROVOCATION to the bullies, and therefore as a danger to themselves!

They cannot conceive of any success in opposing the bullies themselves, and their small souls therefore see any effort at all-out opposi-

tion only as a quicker way of suicide by making the enemy all the meaner. 'Don't shoot at them," counsel these rabbits, " it will only make them shoot back all the more and we'll ALL get killed!"

What is even worse than the cowed mob are its "leaders", -the organizers of the policy of appeasement and ransom as the only way to survive.

These poltroon leaders, as they gather a following, gain a vested interest in maintaining their "position" of leadership in the situation. In most cases the enemy is glad to see them keeping the mob cowed and in line, and tacitly goes along with them. These wretched "leaders", therefore, see any "upstart" who wants an allout FIGHT as not only a threat to their policy of appeasement, but as a threat to their personal "Leadership"!

And if the upstart succeeds in gaining a few victories over the bullies, and seems to be making some progress so that he begins to win a following, the miserable phoney "leaders" of the cowards reply to the threat by shouting that the upstart is an "agent provocateur"!

"He is trying to get you all to come out into the open so that his criminal pals, the bad-guys, can murder you ALL!" --"He's WORKING WITH THE BAD GUYS HIMSELF!"

And if the new man really knocks down some of the terrorists, so that some of the cowards appear to be ready to follow the "upstart", the rabbit leaders explain their own lack of success in fighting the hoodlums by claiming that the "bad-guys" are LETTING the new man win a victory or two, just "to make it look good".

The more successful the new leader becomes, the more the fake "leaders" are forced to "explain" his success as "collaboration" with the enemy. They themselves are always too cowardly to face either the enemy in the streets or the new leader and STAND UP for what they preach with their fists, their lives their treasure and their liberty. Since they have explained to their followers that it is "impossible" to "get away" with total opposition to the enemy, they have to tell bigger and bigger lies to their people to keep "explaining" how the new man is "getting away with it".

To bring this down to concrete terms, ever since the Civil War, -for more than one hundred years, -White Christian Americans who understand and respect RACE have been driven down and down and DOWN by leftist forces, which have become more and more obviously JEWISH. Not all, but MOST racial Jews have been BULLYING and PUSHING our people toward Marxism, moral subversion, political chaos, weakness and MONGRELIZATION.

There simply AREN'T any major right-wing leaders who do not know that. Most of them pretend either that they don't know it, or go so far as to join the Jews in calling the facts about the Jewishness of Communism and race-mixing "hate"!

Not only that, but most of the major right-wing leaders know that the Jews are not running rough-shod over our race and our Constitution because they are so popular and beloved by our people, or because our people are so anxious to become Communists and mix with Negroes.

No, the Jews have their clutches on America's (-and the world's) jugular vein in spite of the LACK of these things, -popularity and good causes. They are in the saddle because they are TERRORISTS, and ONLY because they are TERRORISTS.

Everywhere I go, people sidle up to me and whisper how glad they are I am "giving it to them", but explain that "in their position" they cannot afford to let the Jew terrorists know what they really think. They Jews are too conceited to understand or believe that fact.

But if there be any doubt of it, reflect that it is relatively "safe" in America to be anti-Negro. It is even safe to be anti-Irish, anti-Swede, anti-Catholic, and even anti-Protestant. But anybody who is discovered to be ANTI-JEWISH immediately becomes almost a criminal. If one publicly espouses anti-Jewishness,--or even just tells the truth about the Jewishness of Communism and integration, -he will be subjected to every kind of community pressure, including loss of his employment, terrorization of his wife and kids, --and even those who agree with him will publically denounce him for "fear of the Jews" --as the Bible calls this Jewish terror.

The "bad-guys" in America are very REAL TERRORISTS! They have our people scared and even panicked. The battle we face to win back our birthrights as White Christian members of the American Constitutional Republic is not a battle to "wake up America"! MILLIONS of Americans are already PAINFULLY awake and all of them are muttering, "Yes, but what can I DO?"

And the answer of a real leader is the same answer of every real leader in history. There is no subsitute for COMBAT, BATTLE. What America needs to do is not to wake up, --but to STAND UP, --and FIGHT!

Every right-wing leader OUGHT to be STANDING UP HIMSELF!

But it is dangerous and PAINFUL to stand up where the Jew lovers of tolerance and free-speech can draw a bead on you. It means loss of good reputation, loss of ability to move around in "nice" circles, and, worst of all horrors, -loss of money --Jewish gelt!

So, since it is dangerous to stand up, most of our "patriotic" leaders try to lead while hiding under all sorts of shields, from the Cross to Conservativism. They don;t fool anybody, least of all the Jews, --who very correctly oppose the Birch Society and General Walker with a unanimity which makes a mockery of the protests of these "conservatives" that they love the Jews. Anything which is "right" must, of NECESSITY, be anti-Jewish, either sooner or later., because everything Jewish is, also by necessity, LEFT.

The parallel between High Noon and our situation is PERFECT.

THE ONLY OPPOSITION STANDING IN THE STREET IN ONE HUNDRED PERCENT DEFIANCE OF THE JEWISH TERROR IS THE AMERICAN NAZI PARTY.

Perhaps you will say that McGinley and G. L. K. Smith, etc., are also out there with us.

They are NOT. The proof that you are really attacking and HURTING the enemy is that you get HURT seriously yourself. The anti-Jewish efforts of McGinley and Smith are good, --but they are PRIVATE, not DEFIANT IN PUBLIC, where opposition to Jews usually gets you jailed, beaten or at least called a "Queen", queer, criminal, etc. Smith lives in a palatial mansion in Tulsa and has another one in Hollywood, and none of us have ever run into him in any of the jails and prisons we keep getting thrown into by our Jewish "friends" and "employers". McGinley is on the level and hits the Jews hard ON PAPER. But he has NEVER BEEN OUT IN THE STREETS, THAT WE KNOW OF. And the TERROR IS ABROAD IN THE STREETS!

More important, neither of these anti-Jewish leaders have ever dared to tell the TRUTH about the most smeared and lied-about man in History, Adolf Hitler.

Good men will NEVER follow a leader who deserts his comrade under fire, no matter how bad the fire may be. And any leader who knows what awful LIARS and terrorists the Jews have been all throughout history, and who knows how the Jews HATE Adolf Hitler, and what unspeakable, unheard-of lies they eternally tell about Hitler, --and who continues to go along with the Jewish lie that Adolf Hitler was a "monster" , --that man is not a leader, but a yellow poltroon.

Adolf Hitler was a SUCCESSFUL anti-Communist who actually CONQUERED the Jewish power of money and lies, and knocked off a lot of the best blood of the International Marxist conspiracy of treason and murder. If it were not for Hitler, (and another "monster", Mussolini,) -Spain would NOW be COMMUNIST, -another "crime" for which the Jews can never forgive the "vile" Hitler".

Above all, Adolf Hitler was a RACIST, just like any decent white man, not only in the South, but anywhere in the USA. If one believes in RACE and is an Anti-Communist, then, no matter what the cost or sacrifice, he owes respect to the man who SAVED these concepts in Western Society.

But, outside of the American Nazi Party, --ALL, ---repeat ALL --would-be leaders of the so-called "right-wing" commit the most disgusting and cowardly treason to their OWN CAUSE by bowing low toward Jew-Occupied Palestine first every time before they "attack" the Jew terrorists !

"Communism is Jewish", say these "fighters", "but that doesn;t mean we are NAZIS! My God, --no sir! Nothing like that! We have nothing but hatred and disdain for the despicable Hitler!"

Then they watch tremblingly for a condescening nod of OK from the Jews that they will not be smeared as "Nazis", after which they plunge ahead "fearlessly".

Such "paper-tiger" "leaders" are very properly considered "crack-pots" and incompetents.

These anti-Hitler anti-Jews are like anti-George Washington Americans, or anti-Pope Catholics.

Unless one is prepared to say that the torrents of Jew lies about Hitler and Germany in all our media of public information and entertainment are all Gospel truth, he must recognize that the Jews are not telling all these AWFUL lies for nothing, -but because THEY know what our people are still too confused to see, -that Jew terrorism can ONLY BE BEATEN BY NAZI HEROISM.

CONSERVATIVISM HAS NEVER, IN ALL THE HISTORY OF THE WORLD, STOPPED A DETERMINED DRIVE BY THE JEWS.

But Nazi-ism, --the all-out FIGHTING kind of right-wingism HAS, -in Germany, Japan, Italy and Spain.

Those who insist on calling us Jew spies are urged to look into their hearts and ask themselves if the Jews would RESURRECT the VERY THING which has provably beaten them into the ground so many times. They had to organize the WHOLE WORLD into a frightful mass slaughter, in which they lost a huge number of JEWS too, just to STOP Nazi-ism!!

A better measure of our "value" to the Jews who are supposed to be our patrons, --is what we have DONE to them.

The Birch Society has not impeached Warren and is not likely to do so. Neither Smith nor McGinley has been able to dislodge a single Communist agent in America, so far as we know.

But the American Nazi Party has provably "gotten" the BIGGEST red fish ever caught in this Country, Valentin Ivanoff. About two years ago, Roger Foss came to us as a new trooper, and, after a while, confessed to me that he had at first toyed with Communism, and had actually been paid $600 by Ivanoff, the First Secretary of the Russian Embassy in Washington, to infiltrate the Government of the USA as a spy for Communism. He told me that there were many other young Americans, especially in the colleges, doing the same thing. (which didn't surprise me any).

I told him that what he had done could be called "treason", and it was his duty to go down to the FBI and turn in every bit of information he had on the filthy conspiracy. I warned him of the danger he faced if the government prosecuted, but urged him to do his duty by America.

He went with me to the Old Post Office Building on Pennsylvania Avenue, and there turned in more than three solid days of FACTS on the operation of the slimy network which is operating in our midst. The FBI was eager and happy to get the information, --and turned it all in to the Justice Department.

And there, as usual, it stayed. The Justice Department is crawling with Fienstiens, Cohens, Moskowitz, Greenbergs, etc. And the FBI cannot prosecute, --all they can do is file a REPORT. If it is a report on Communism, it gets ditched somehow, as in the case of Harry Dexter White (Weiss), the Jew assistant to the Jew Sec. of Treasury, Morganthau, -who stole our money plates and our special money paper and sent it to Russia.

When I realized that nothing would be done, I applied my knowledge of public relations and publishing to get the facts out into the light, where the Justice department would HAVE to do something.

I knew that big newspapers do not have the top men on duty usually Sunday nights, so I took the information to one honest reporter I knew, and gave him and EXCLUSIVE on the whole story. (By giving an exclusive, it motivates the particular reporter, and, if he is personally honest, as this one is, he would be unable to understand if the story were killed).

The Washington Post is one of the worst papers in the USA. The great Joe McCarthy used to call it the Washington Edition of the Daily Worker. But it has at least one thoroughly honest reporter whom I had met in the Courts and come to know personally, Les Whitten.

I took all the facts to him, and, although he is the most leftist of liberals, he recognized a big story and the truth when he saw it. In it went, with a banner headline across the front page the next morning. Our part in it all was minimized to be sure, but the damning facts of Soviet Espionage which we had given the FBI were all there.

Within twenty-four hours, Mr. Ivanoff was on his way to Moscow and, perhaps, the happy hunting grounds of unsuccessful red spies.

More recently in California, we won over two young men who had gotten disgusted with the mess in America and joined the only side which seemed to be FIGHTING, --the Communists who go to jail and otherwise SACRIFICE for their "cause", rotten as it is.

As their first Nazi duty, I sent these men to the FBI office in Los Angeles, where they gave over four hours of concentrated information on the Soviet conspiracy to the officers, --including the secret rendezvous points, passwords, cover operations, working methods, plans, etc.

For this terrific blow to the conspirators, Kenneth Rauen, one of the men, was repeatedly threatened with death, until the FBI went to the employment agency which is a front for the Communist Party in California and cooled off the terrorists.

But Rauen had been a personal friend of Gus Hall and Dorothy Healy the local commisar, and the Communists couldn't let him get away with it. So the next time Rauen was picketing the Hollywood Communist book-store with our troopers, a Jew led ten hoodlums charging out of a nearby bar swinging tire-irons. All of our men (four) were cut and bruised and knocked unconscious. But Rauen got a concussion and had to be taken to the hospital, Los Angeles General, where he has since recovered.

In spite of this kind of deadly blow which we keep striking against the enemies of America, we are constantly attacked as "agents" of the Jews by idiots, soft-heads or vicious liars.

Among the leaders of this "Rockwell is an agent" fraternity (and sorority) are Joe Kamp, Russel Maguire, Elizabeth Dilling, Don Bell, Ron Gostick and the novelist, Taylor Caldwell.

I have discovered a pattern in the vicious and unfounded attacks of these people.

In almost every case, they are not concerned wholey with anti-Communism or anti-Jewish or even pro-Americanism.

In at least four cases the culprits are religious fanatics who have allowed their religious convictions to so overwhelm their patriotism that they cannot tolerate anybody fighting the enemy shoulder to shoulder with them, --unless the helper will first bow down to their version of religion.

Taylor Caldwell is a sincere woman, I am convinced, and must be a great writer to judge by her sales, although I have never read any of her works.

But she has written me the most hysterical and downright SILLY letters, running into four and five pages of single-spaced typing just brimming with the kind of hate only a woman can fire up.

I tried my best to make her see that I might indeed be wrong, -but at least I wasn't a Communist agent as she kept insisting. I even sent her one of my ex-wife's tear-stained letters just after I had sent my wife, against he r will to Iceland for her safety. Argument got nowhere with this super-emotional woman I learned, and I thought perhaps the human tragedy which my politics caused me would reach her.

But it was no use. She continues to believe I am an agent, and I reproduce her most recent letter here in selected portions.(There are five long pages of it.)

In the first place, as I wrote Mr. Rockwell some time ago, I don't believe for a moment that you are antiCommunist. I believe the exact contrary. For instance Mr. Rockwell wrote me that he was so hounded by "American Communist Jews" that his hysterical wife flew off to Iceland, with their three or four children - to join her father who was a Communist leader there! Now, now! This little revelation is priceless.

There is no difference in Socialism. The brand you espouse is exactly the same as that now in full swing in Russia, and you know it. I believe your object is to discredit the conservative organizations in the United States, and so help to silence the great conservative voice of the American people once and for all, and to bring crushing Communism on this besieged country. I have read a great deal of your literature, and I can come to no other conclusion. I can smell Communists and crypto-Communists hundreds of miles away. After all, I worked for the Department of Justice for eight years and my husband worked for it for 30 years, and we DO have some little insight into the jargon and the methods of subversion.

Your October 15th bulletin, as you well know, is a pack of lies. For one thing you betray a not-so-subtle hatred for West Germany and West Berlin, and that hatred comes directly from Moscow. You have also stated that the "Jews" and Britain pulled America into the war - Roosevelt's War. That's a lie. I was born in England of Scottish parents and ancestors, and the majority of my relatives live in England, Scotland and Ireland still, and I have visited them often recently. I have talked with scores of British newspaper men, especially in the late Forties, and they bitterly denounced Roosevelt (whom you NEVER denounce) for urging Britain into that war. They showed me facsimiles of documents which cannot be denied. The British, in spite of their treaty with poor Poland, did not intend to enter that war, but merely to issue sanctions against Hitler and break off relations with him. But your pal, Roosevelt, (before whose image you probably genuflect three times a day) pushed Britain into extreme measures. MOREOVER, that same pal of yours supplied British fliers with the newest war-planes - to bomb poor Dresden, an open city, and killed 250,000 helpless women and children, in May, 1940, THREE MONTHS before Hitler even thought of bombing ANY CITY! Why haven't you given publicity to that crime? I know why, and so do you. Those planes were paid for by American taxpayers, and were supplied the British who, on Roosevelt's command bombed Dresden. Oh, you don't believe it, do you? Moscow didn't tell you about that, did she? Just an oversight, you see.

But not a word out of you about this vast publishing empire which continues to feed lies to the American people! Not a word. The two big newspapers in New York, THE NEW YORK DAILY NEWS and the NEW YORK DAILY MIRROR, are partially owned by Jews, and they constantly attack the international Communist conspiracy. But not the New York TIMES! Its reporter, Herbert Matthews - who is NOT a Jew - has always been the spokesman for Fidel Castro and his Communism, and the TIMES still defends Castro. On the editorial board of the N.Y.TIMES, one hundred people, there are only two Jews - and they are the only conservatives on that lousy sheet. James Reston and Sidney Hook, who sometimes write fine articles for that rag, are Jews - and they are deeply conservative. That probably burns you up, too.

THE NEWS IS OWNED BY THE PATTERSONS, - - GENTILES!

THE TIMES IS OWNED BY A JEW... SULZBURGER!

SIDNEY HOOK IS FROM C.C.N.Y. HE IS A "CONSERVATIVE"..... ..AND I AM FROM MARS!

You call Morgenthau and Barry Goldwater "Jews." They are not. They are Episcopalians. (By the way, why DO you hate Barry Goldwater so? Because he is a conservative and a bitter antiCommunist?) According to the last census people of the Jewish Faith are the poorest religion in the country. The Irish Catholics in New England used to be, and then the Italians. But now the average Jew, in cash, is very little higher than a Puerto Rican. The metropolitan area where I live has a population of over a million and a half. There is only one person of the Jewish Faith here who is believed to be a millionaire, and even then he is doubtless just bragging. The other members of his religion are hardly middle-class in income - yet they are first with the Community Fund and in the support of public hospitals! There are some Jewish millionaires in New York City - but there are scores of Christian MULTI-millionaires there, and believe me I've talked with quite a few of them, and a considerable number are out-and-out Communists or crypto-Communists. That's where you get your cash, isn't it, to support your bulletins and your propaganda?

"Ah," you will say now, "she loves the Jews!" Brother, I don't love ANY part of mankind any longer. You all make me sick, everyone of you.

BERNIE BARUCH and ZECKENDORF are a couple of DESTITUTE JEWS. THE LADY SHOULD TOUR HOLLYWOOD SOMEDAY and THROW A FEW CRUSTS TO THE STARVING KIKES!.... LIKE PALEY, SARNOFF and GOLDENROD WHO CONTROL CBS, NBC and ABC, FOR INSTANCE.

I resent your attacks on West Berlin, and the lies you write about it. The crisis there is a true crisis. And you lie when you say it will die down. It won't. Mr. Kennedy won't let it. (That makes you mad, too, doesn't it?) But there sure would have been no defense of West Berlin had Mr. Eisenhower been President!

THE CRISIS HAS DIED DOWN... and THE TROOPS WHO WERE FALSELY MOBILIZED...??!

Some Jews, yes, are Communists, but only in proportion to the tiny number of Jews in America. But I can name enormously wealthy people, who are not Jews, who support Communism in this country. And so can you. How much do they give you regularly?

The majority of Jews I know are extremely conservative. (That burns you up, doesn't it?) The majority hate and loath Communism much more than do other people here, for tens of thousands, and probably millions, of people of their faith were murdered by Russian Communists. MOREOVER, one of the most effective Jews in the antiCommunist movement in America is a Jew - Dr. Fred Schwartz of the AntiCommunist School in Los Angeles.

90% OF CONVICTED SPIES HAVE BEEN RACIAL JEWS! ROSENBERGS, SOBELS, ETC. ETC.

" A phoney crisis in Berlin," indeed! You'll find out!

MOST angrily yours,

(Miss) Taylor Caldwell

you know it. Nor do the Jews own the supermarkets, nor our super highways - for God's sake! nor "private palaces." I've been all over this country and I've seen only ONE Jewish mansion, and it can't compare with the great mansions of your Communist pals. - You jeer at the Jews owning suburban homes, cars, fur coats, automatic lawn-mowers. So do tens of millions of other Americans of the Christian Faith. Why should ONLY those of the Jewish Faith be prohibited from owning such things too, from their hard labor? Sh't!

THE DAY I SEE MOST JEWS ENGAGED IN "HARD LABOR" I WILL BECOME A MONK and REPENT! AND SUCH LANGUAGE! SHAME!

I have rarely tried SO hard to convince any oth other human being of a set of facts as I did to convince Miss Caldwell, -with such remarkable lack of success. And it depressed me for a long time. Why could I NOT make her see at least that I was on the level, -even if in error?

Then, a few days ago, I found the answer.

And it is the same kind of answer, in higher degree, as I find in almost every case of people who insist I am a "spy".

Miss Caldwell is not the lady's real name.

She is MRS. REBACK, --and is married to a racial Jew.

THAT is why she so violently insists that a person is no longer a "Jew" when he changes his religion, --although she fails to see the utter, feminine inconsitancy of this assertion together with her admission that "SOME" Jews are Communists. (Communists are atheists, and the only way they could be reds AND Jews, which they all are, for instance at the Yiddish Communist "Morning Frieheit", --is for them to be RACIAL JEWS.)

In fact, I have found by experience that the most VIOLENT Jew-lovers, regardless of their politics or religion, are persons who are MARRIED to Jews. They naturally and understandably see an attack on Jews as AN ATTACK ON THEIR OWN FAMILY, HUSBAND AND KIDS! And so this brings out the well-known ferocity of the female protecting her hearth and cubs.

Mr. and Mrs. Reback are Catholics, I understand, but Mr. Reback is still what everybody understands by the word "Jew", --a recognizable TYPE of human being like Indians, Chinamen, Nordic Swedes, etc. But to accept this obvious FACT would make Taylor Caldwell, (Mrs. Reback) part of the worst gang of terrorists and subverters our Country has ever seen. She is NOT, of course, but with her feminine "logic", she is too horrified of the possibilities to admit them at all. So she flies in the face of the facts, and attacks me like a blood-maddened shrew for telling the simple truth.

Conservativism is becoming more and more JEWISH, just as Republicanism has been taken over since Eisenhower captured the Party. Our leading "conservatives" are JEWS, -Goldwater, Sokolsky, Liebman and Company, --with Buckley and Roy Cohn carrying the princely train for the big Jews.

Even the anti-Jewish fringes are now being invaded by Jews like Fred Schwartz and Myron Fagan.

This is the same old pattern in every Nation attacked by the Jews. They infiltrate and pervert EVERYTHING, -absolutely EVERYTHING!

And while they are doin g it, the cowards and blind-men, the profiteers and poltroons all HELP them and attack real fighters.

Before Adolf Hitler got into power and deposed the International Bankers, Communist Jews and moral subverters of Germany, thousands of his idealistic young fighting men were MURDERED by "nationalists", --reactionaries and cowards who hated a fearless idealist more than they did the criminal subverters of their own people!

We must suffer the same fate here, as we grow and rise inevitably to leadership and power.

We don't WANT to expose and attack our own kind of people, which actually includes even Mrs. Reback, but we are prepared to risk death itself to save our race and our Nation. We are not afraid of these patriot-coyotes and hyennas, any more than we are afraid of the Jews. When it becomes necessary to expose and even attack these people who attack us in ignorance or through vicious motives, we will not hestitate, and we will be ruthless and thorough. The list of those who have attacked us and who are now smouldering in the ash pile is a long list, -and getting longer.

But before we are forced to fight any more of our OWN people, we most earnestly urge good American patriots to come and INVESTIGATE our movement before they join the jackals.

Of all the list who have attacked me, only Russel Maguire knew me well, personally, -and the rest never even met me. They know NOTHING whatever of our desperate struggle, and their "exposes" are EXACTLY WHAT THEY HATE SO MUCH WHEN THEY GET IT THEMSELVES FROM THE JEWS, ---SMEARS AND LIES!!!
